

HARROW INDEPENDENT COLLEGE

*School of Mathematics, Science & Economics*

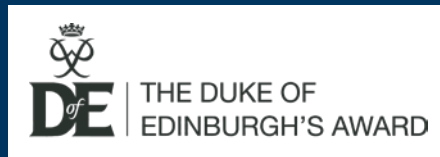

# Your Pathway to Top British Universities

AUTUMN 2016

## HIC Starts DofE Award

Starting September 2016, HIC has started the renowned Duke of Edinburgh Award (DofE).

The DofE was set up by Prince Phillip, the Duke of Edinburgh in 1956. It's an award that encourages young people, from ages 14-24 years old, to go outside and experience life, while learning new skills, helping out others and improving their physical well-being. It has 3 different levels of awards: Bronze, Silver and Gold. Offering the DofE award will make the college experience at HIC even more exciting for young people.

For more information about the award visit the website – [www.dofe.org](http://www.dofe.org)

## Expert advice about how to create a Personal Statement

In September, HIC organised a workshop to help our Science students with expert advice on how to create a Personal Statement for University entrances. The workshop was executed for our science students by an external company – The Medic Portal. The Personal Statement is one of the most important parts of successful university placements. This was a great opportunity for our science students to gain in-depth knowledge about how to write good personal statements.

## Data Analytics Seminar

HIC is glad to be able to organise a Data Analytics Seminar in the month of October. The Seminar helped students to gain insight into what Data Analytics is all about and how it has become one of the most popular career choices today. It also covered topics like *Data Analytics as an emerging career for students* and *Why data analytics is a big career move today*. The seminar was hosted by our Principal Mr Kandeepan and presented by Mr Amaresh Tripathy (Partner-PwC, US). It was a pleasure to have Mr Tripathy at our college to lead the seminar.

## Field trip to the Field Studies Council for A Level Biology students

On 7<sup>th</sup> October, HIC organised a one-day field trip to the Field Studies Council at Amersham for A Level Biology students. This was a great opportunity for them to gain practical knowledge about Ecology which is a part of their studies.

## HIC's New Website Launch

HIC worked really hard over the summer holiday break to launch our new website. We launched it just before the start of the 2016 academic session in September. The website has been improved massively compared to our old site. It has more menu options, graphics, news and information on each subject and upcoming events at Harrow Independent College.

## HIC Debate Club

Started 21<sup>st</sup> October

HIC started Debate club for students in the month of October. On 21st October HIC had its first debate session in which most of the students participated. The topics were: Euthanasia, Animal Cruelty & IVF

# HIC Welcomes International Students -Enrollment starts 18<sup>th</sup> January 2017

HIC welcomes students from all over the world to enroll in our **GCE Advanced Level Intensive Revision and University Placement Programme**.

This programme will help international students to not only score better in their GCE Advanced Levels/equivalent courses but also pave the way for entry to top Universities in the UK. International students from around the globe come to study in the UK because of its reputation for academic excellence and the value of British qualifications in an ever more competitive global market for higher education.

## Our Degree Specialisations

Medicine, Dentistry, Bio-Medicine, Optometry, Economics or Econometrics, Financial Mathematics, Engineering (Aerospace, Aeronautical, Electrical, Electronics, Mechanical, Civil, Chemical), Computer Science, Materials Science, English and many others.
