Your Pathway to Top British Universities

## Certificate in Learning and Development for Teachers and Trainers

### About the Course

The course is designed to support potential and existing trainers and teachers who are involved in developing and assessing the skills, knowledge and competence of learners; primarily in the workplace or in work-related programs of learning. This course enhances candidates' abilities in creating an engaging learning environment, preparing learning and development resources and also identifying the learning needs of individuals.

THE DUKE OF  
EDINBURGH'S AWARD

### **The Course is designed for:**

Aspiring or existing trainers/ teachers who want to uplift their professional skills to a higher level by structuring their methods. Nevertheless, there are no formal entry requirements for this course.

International students, as per UKVI regulations, are required to attend minimum 15-20 hours per week.

### **The types of job roles that this course supports may include:**

In-house trainers and training managers, external trainers, managers and consultants, workplace managers and supervisors, experienced staff who have responsibility for developing colleagues with less experience, skills and knowledge, assessors and verifiers.

**Awarding Body:** Harrow Independent College

**Course Duration:** 6 weeks

### **Method of Delivery:**

On campus, 15 to 20 hours per week. The Certificate in L&D is consisting of practical and classroom lessons, supplemented with online learning modules. The course provides a platform for improving skills of learners in an exciting, inventive and creative manner.

The course covers all the aspects, learning stages and the essentials of delivering effective learning and development.
