Learning & Assessment

Harrow Independent College's learning philosophy is based on assisting students to form broad conceptual understandings while gaining depth of knowledge, skills and attitudes that will benefit them in their chosen field. This is achieved by focusing on learning outcomes for the students and implementing a range of different teaching methods to cater to the different learning styles of individuals.

Lectures

A lecturer will talk about the subject of study, and students are expected to take notes, even where handouts are provided. They are designed to give a basic understanding of the particular subject which a student will be expected to enhance through private research.

Seminars

These are interactive discussion groups. The tutor will discuss a pre-arranged topic with the class, who are expected to have prepared and read in advance in order to take part fully in the debate. Students may be asked to prepare a presentation for the class, which will then lead to the discussion.

Class Tests & Mock Examinations

Harrow Independent College administers class tests and mock examinations in order to prepare students with adequate knowledge and understanding for the final assessments.

Assessments

The method of assessment depends on the course you are pursuing. Some courses are assessed by unseen examinations only, while some others are by both assignments and examinations.

Students Complaints Procedure

Harrow Independent College endeavours to create a positive learning environment for students, one in which each student has the opportunity to achieve their personal best. Part of the maintenance of that positive environment is a fair and open complaints and appeals procedure made available to all students.

Informal Complaint

This is a less formal procedure where a complainant may raise his or her concern about the way the services were provided. The complainant simply may see the complaint officer and orally inform the matter which will be dealt with immediate basis. However, if the matter is serious and the complainant is utterly dissatisfied, the compliant officer will rather accept the complaint as a formal one.

Formal Complaint

If a student or a visitor wants to bring a serious complaint about any matter in relation to the way the services are provided, the complainant may bring a formal complaint. It requires the complainant to take a complaint form from the reception. The complainant may also additionally write his or her allegations in addition to filling the complaint form.

Student Disciplinary Procedures

Students are recommended to follow the academic standard code of practice in order to keep a good atmosphere in the Harrow Independent College campus. The students must not break any of the standard practice such as unfair means in the examinations, intimidation to fellow students or any academic or administrative staff of Harrow Independent College. However, if any student is found in breach of academic code, the academic disciplinary committee will take the necessary action to keep the student in line with his or her conduct. More information about Student Disciplinary Procedure can be found in our Student Hand Book.
